## Welcome to Boating Syndication Australia

BSA offers boating enthusiasts an exciting and worry-free option in boat ownership. We facilitate the syndication of luxury boats and offer a superior and transparent management service that ensures our owners enjoy pleasurable boating on some of Australia's fabulous waterways for a fraction of the normal cost and hassle.

We have managed more than 24 syndicated boats and understand what our customers need to ensure they enjoy their boating to its full potential. We have a 100% customer satisfaction rate to date, no other boat share company can say that.

## How Syndication Works?

BSA acts on behalf of clients to facilitate the syndication of boats ranging from 40ft-100ft. Boat syndications can range from 4 to 10 owners depending on how many days boating you require .

BSA operates a highly transparent financial structure for clients. The normal practice in the industry is to charge a set fee each year to cover all costs. We believe this arrangement is often against the interest of the client, often disguising actual costs. BSA charges a set management fee and all other costs – such as berthing, maintenance and insurances - are split evenly between the owners, offering complete transparency and no additional mark-ups. All fees are quoted and finalised at the beginning of the three-year syndication period so you know exactly how much you will have to pay per annum. NO HIDDEN SURPRISES!

### Testimonials

*" Andy, just a short note to say thank you. We just spent a few nights up the Hawkesbury on Obsession and it was one of the best breaks ever.*

*The boat was immaculate (the guys do a great job) and ran well. We used the toys (boards, kayak, brig), cooked great family meals and just chilled.*

*The teenagers got off their screens and got into "boat" life. Loved it!"*
